Overview

HKS is an interdisciplinary global design firm. Our team of 1,800 architects, designers, planners and advisors across 29 offices partner with clients to design and develop elegant solutions to complex challenges. From iconic gathering places to healing environments, our designs enhance experiences and elevate outcomes for all stakeholders. Our work is inspired by curiosity, driven by research and technology and informed by a deep understanding of human and environmental needs. Proud to be a [carbon neutral firm](#) since 2023, HKS was named #1 Most Innovative Architecture Firm by Fast Company in 2026.
